

San Diego FAAS Team presents:

Brown Field Municipal Airport Tower Closure and Uncontrolled Field Procedures Refresher - Urgent!

We have received final word last Friday that the KSDM (Brown Field Municipal Airport) tower is scheduled to CLOSE on April 7. The result will be turning KSDM into an uncontrolled field. As local KSDM pilots (or our friends who fly in) we need to be proactive in making this transition work smoothly and safely! We are inviting you ALL to this meeting for refresher training, interaction, and lively discussion! We are planning: 1. An overview presentation of uncontrolled field regulations and recommended procedures, 2. Handout materials, 3. Current tower personnel to give you their perspective on "hot spots" and safety suggestions, 4. Approach and/or Center personnel to discuss instrument approaches at uncontrolled fields and other issues, 5. Local flight instructors with their observations, and 6. All of you who will bring your experience, suggestions, questions, and inputs! Please turn out for this important meeting!

Directions: I-805 South to 905, take 905 East toward Otay Mesa. Take the Britannia exit, turn left onto Britannia, turn left onto Otay Mesa Rd. Turn right at stoplight at Cactus Rd into Brown Field entrance, turn right onto Continental Ave. Follow instructions at security gate to call EAA for entrance. Chapter 14 and Hangar 1 is next to the base of Brown Field Tower.
